

KINGHAM SHAKER

Kingham Shaker from Charlie Kingham

Ex display available on 8 week lead time.

A fantastic opportunity and a rare offer: a cancelled order. This one had been destined to a new showroom but, due to issues with the lease, we are making it available to the public! Because this was cut short in the very early stages of manufacturing, it is available in primer state.

Further details

The offer DOES include:

- cabinets
- in primer state

The offer does NOT include:

- delivery
- fitting/installation
- paint
- worktops
- sink/taps
- appliances

All of the above can be quoted, as an itemised breakdown, for you should you require these services and products on top of the cabinetry.

IMPORTANT TO NOTE - Most of our special offers are very rarely the perfect solution. To allow for this, we have the capability to either take cabinets from another offer or make extra cabinets should your needs require this, we can also remove some items if there are too many should that suit your final demand or specification.
